

## MMSC Update for Tuesday March 9<sup>th</sup>, 2010

### **Masters GS training and Race Weekend at Asessippi was a huge success.**

What can I say, if you weren't there we missed you and if you weren't there you missed out on something really special. I can't remember a time when everything lined up in our favour so well. Sunshine, warm weather, fast snow and fun times were the order of the weekend. The cooperation of the Asessippi Ski Area & Resort, the use of equipment from the Manitoba Alpine Ski Division and Summit Ski Club and the loan of the Asessippi Ski Club timing centre made it possible to run two days of training and racing smoothly.

**A special thank you to our members and volunteers.** Much of what we do would not be possible without the participation and efforts of volunteers in the course crew for setting, setup and tear down of our courses, timing and the misc. safety areas of running events. This trip out everyone helped and the efforts made it possible for us to run the event with the minimum time. The race was so efficient that we were even able to leave the course open for additional training time after the race. The club always needs everyone to participate and learn some of the duties of running these events so that the load can be shared among many. Thanks Kathy and Doris all your work.

### **So Why Are You A Masters Member? There are so many reasons to join.**

This trip has always been the high point of our year. With the assistance and support of many we get to train and then race the next day on Manitoba's premiere ski racing run. It's the chance to test ourselves against our own performance and to benchmark against others. It's an opportunity to learn something new about ourselves and the sport. But for many of us it's not just the skiing that keeps us coming back. It's the fun, friendships and shared experiences. This is what defines a club. It may be centred on an activity but it's a whole lot more. It's often what you put into it too. Tell your friends.

### **Reminder of the last two events at Springhill. Wed Mar 10<sup>th</sup> and 17<sup>th</sup>.**

Well its anyone's game now in the hotly contested Platinum Men's grouping this year with Darryl Kaschyl out of contention (Darryl 0/Snowmobile 1) from the weekend. Though he has definitely sealed up the annual running for "Best Crash of the Year" award for the second year in a row. Even if you're new to the club and in particular to racing you can go around the gates and enjoy the experience (remember that even Darryl says "Do as I say. Not as I do".). So join us on the last two nights of the year. **We'd love to see everyone get out and get on the slopes for one last time.**
